JVC

3 YEAR WARRANTY WITH E-Z EXCHANGE

JVC Professional Products is pleased to announce the JVC Security Products E-Z Exchange Program. In addition to the 3 year Parts & Labor manufacturer's limited warranty, this program provides JVC customers the exclusive benefit of a "no hassle" point-of-sale product exchange of the eligible Security Products listed below.

Should your product fail within the 3 year manufacturer's limited warranty period, simply bring it to the original point-of-sale qualifying authorized distributer for an immediate product exchange. No messy RMA requests to deal with. No reason to send the unit out for an evaluation or lengthy service repair. No costly time-down of your security system without essential surveillance.
