

## The Ultimate NTSC/PAL Monitor for Broadcast and Mobile applications.

- High-Resolution 10" (9"V) CRT displays with broadcast colorimetry
- SDI inputs with Embedded Audio Level Display (TM-1051RK)
- AC / DC operation (TM-1011RK)
- 4:3 / 16:9 switchable, area markers, underscan, blue check etc.
- Dual-color Tally with wired remote control
- 5U 19" Rack Mount

Compact and rugged, the TM-1011/1051RK rack packages are engineered to sustain years of 24/7 use in broadcast field and studio environments. Digital video processing with comprehensive color and geometry adjustments, area markers and self-check diagnostics make these monitors an ultimate solution for professional multi-screen applications.

■ Specifications:

Model	TM-1011RK	TM-1051RK
Screen	2 x 10" (9"V) High-Resolution CRTs	
Video Standard	NTSC / PAL	
Aspect Ratio	4:3 / 16:9	
Color Temperature	6500K / 9300K	
Inputs:		
Video (Composite)	2 x 2 (with bridged output)	
SDI	-	2 x 2 (switched output)
Embedded Audio	-	8 channels level display
Analog Audio	Built-in Speaker	-
Tally	Red / Green	
Remote Control	Wired RJ-45	
Power	120-240 AC / 12V DC	120-240 AC
19" Rack Space	5U
