

TAKING ADVANTAGE OF THE GY-HD100U(A) UPGRADE IS EASY AS 1-2-3!

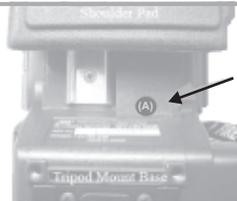

STEP 1

Verify that your camera is not already an (A) version

By examining your box.
Locate the model label
and look for the (A) next
to the model number, if its
there your camera is already
an (A) version

OR

By examining camera.
Locate the model number
label by extending the
shoulder pad, an (A)
near the model number
indicates an (A) version.

STEP 2

Complete the form on the next page and
include the completed form with the
camera. *Please provide a return shipping
address to avoid delivery delays.

STEP 3

Use the address label on page 3 of this
form and ship the unit to the Upgrade center
Be sure to make a copy of the
completed form as this information
may be used to check on upgrade status.
