Detailed description of the problem

Please package your unit carefully and only include accessories that pertain to the service complaint.

Include a copy of your sales receipt (in-warranty units only). If you are Tax Exempt please provide a copy of certificate.

If you have an Extended Warranty, please first contact the Extended Warranty company to confirm their policies for repair.

For out-of-warranty units and units that have partial warranty: Once the unit has been received at the factory service location you will be contacted to inform of receipt and secure the evaluation fee for repair. This evaluation fee would be due if the repair estimate is refused and the product is returned to you unrepaired.

Preferred method to secure repair would be a MasterCard or Visa. This would be needed to start the repair process.

After the evaluation process, if you wish not to proceed, there will be a \$50 evaluation fee and a return shipping charge for all out-of-warranty repairs.
